## About ICEC 2019

ICEC 2019 is the fifth event since it was launched by founder CSSK in Seoul in 2007, and the conference would be a typical one of engineering concerns, where empirical solutions, practical/fundamental findings, other relevant issues on corrosion and protection of materials will be presented. In this conference, some emerging issues and technologies related to the recent Industry 4.0 economy will be emphasized.

Conferences	Date	Location
ICEC 2019	October 13~17, 2019	Incheon, KOREA
ICEC 2016	August 8-11, 2016	Beijing, CHINA
ICEC 2014	April 14-16, 2014	Tripoli, LIBYA
ICEC 2010	October 24-27, 2010	Hanoi, VIETNAM
ICEC 2007	May 20-24, 2007	Seoul, KOREA

## Symposia

- Stress corrosion, corrosion fatigue & hydrogen embrittlement
- Techniques for detection/monitoring/remedy
- Nuclear and fossil power
- Ship building and marine
- Automotive and aerospace
- Electrical and electronics
- Oil and gas
- Steel in concrete & social infrastructures
- Electrochemical energy conversion and storage
- Corrosion 4.0 - emerging issues in Industry 4.0
- Cathodic protection and protective coatings
- Corrosion management and reliability
- Cost of corrosion
- New materials
- Others

## Industrial Knowledge Exchange (Translation will be available)

- Case study of failure analysis

## Corrosion 4.0 Special Session

- Digitalization and corrosion control

## Corrosion of Smart Mobility

- Automotive and aerospace
- FCEV and EV

## Paper Submission

An abstract file with 250-350 words is required to be submitted by April 15, 2019. Submissions of the abstract should be made through an online submission system on the website. With the acceptance of the Organizing Committee after the review, the full paper submission is recommended no later than July 31, 2019.

When your consent is given to the submission, the submitted manuscript will be peer-reviewed for publication in the Corrosion Science and Technology (CST, ISSN No. 1598-6462). The Corrosion Science and Technology (Bi-monthly ISSN: 1598-6462) has been listed as an ESCI journal by Clarivate Analytics (former Thomson and Reuters) since July 2017. The ESCI is the index/citation database first introduced by Thomson and Reuters in 2015.

Further information is available on the conference website (<http://www.icec2019.org>).

## Important Dates

Deadline of Abstract Submission	April 15, 2019
Notification of Acceptance	May 31, 2019
Deadline of Full Paper Submission	July 31, 2019
Early Registration	August 31, 2019
Conference	October 13~17, 2019

## About Korea

Korea, recently known as dynamic “Gangnam Style”, now becomes the “hot-test country representing peaceful world”, which now offers many excellent ways

for visitors to taste her history, culture, and people. The demilitarized zone (DMZ) is just one hour by car from Seoul. In the DMZ, Panmunjeom, where the summit meetings of South and North Korea were recently held, can be accessed, and the historic marks of the Korean War and the post-war struggles between two Koreas are easily found. They could stimulate your imagination about peace and liberty.

## Venue and Transportation

The Sheraton Grand Incheon Hotel is located in the heart of the IFEZ (Incheon Free Economic Zone) where you can take full advantage of the global business infrastructure. Situated among the west coast's natural

beauty, Sheraton Grand Incheon Hotel's proximity to Songdo Convensia Convention Center, Jack Nicklaus Golf Club Korea, North-east Asia Trade Tower and a 400,000 square meter Central Park makes it the perfect venue for events of all sizes and themes.

With various meeting rooms, the hotel offers multimedia facilities, conference equipment and high-speed internet connectivity.

Participants from overseas will mostly enter Korea through Incheon International Airport (ICN). The most convenient way to reach the venue is to take the limousine bus, and it takes approximately 30 minutes. You can get information on the limousine bus and purchase the bus ticket at the Transportation Information Counter on the arrival floor (1st floor) of the passenger terminal.

## Technical Tours

Thursday, October 17, 2019

## Registration

There will be some registration fees at a reasonable price for the participants and accompanying persons.

(<http://www.icec2019.org/registration.html>)

Category	By August 31, 2019	After August 31, 2019
Regular	US\$ 550	US\$ 650
Student	US\$ 300	US\$ 350
Accompanying Person	US\$ 150	US\$ 150
Day Registration	US\$ 200	

## Exhibition

The organizing committee is pleased to invite suppliers of corrosion control products and services to exhibit during the conference. Further information about the application will be available on the conference website.
